

“ A human being is a part of the whole called by us universe, a part limited in time and space. We experience our self, our thoughts and feeling as something separated from the rest, a kind of optical delusion of consciousness. This delusion is a kind of prison, restricting us to our personal desires and to affection for a few persons nearest to us. Our task must be to free ourselves from this prison by widening our circle of compassion to embrace all living creatures and the whole of nature in its beauty... the most important question facing humanity is ‘Is the universe a friendly place?’

Albert Einstein

7 questions 7 million lives 7 billion smiles

Dear You, the one reading these words.  
I love you. Thank you for being, just  
as you are. You are loved, just as you  
are. There is nothing you need do, be or  
become to be worthy of this love.  
You are worthy of this love because you  
are. You are a child of the universe,  
perfectly imperfect conscious stardust!  
Take a moment to breathe it all in.  
Leave this letter for another to find  
and help spread the love. Thank you.

Yours, the universe  
p.s. I am as friendly as you decide.
