

“ A human being is a part of the whole called by us universe, a part limited in time and space. We experience our self, our thoughts and feeling as something separated from the rest, a kind of optical delusion of consciousness. This delusion is a kind of prison, restricting us to our personal desires and to affection for a few persons nearest to us. Our task must be to free ourselves from this prison by widening our circle of compassion to embrace all living creatures and the whole of nature in its beauty...the most important question facing humanity is ‘Is the universe a friendly place?’

" ... it is the leaders of the country who determine the policy and it is always a simple matter to drag the people along, whether it is a democracy, or fascist dictatorship, or parliament, or communist dictatorship. Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is tell them they are being attacked, and denounce the peacemakers for lack of patriotism and exposing the country to danger. It works the same in any country."  
- Hermann Goering, senior Nazi leader
